

SHOOTING BEGINS AT THE BUNDES

Many Marksmen Assembled at
Shell Mound Park This
Morning.

Some Good Scores Made and the
Sharpshooters Are in
Fine Form.

SHELL MOUND PARK, July 15.—The
second day of the Third Na-
tional Bundes shooting festival
of the United States opened
auspiciously at the Shell Mound
ranges this morning, the weather
being excellent and most of the mark-
smen being in fine shooting condition.

There were not a large number shoot-
ing, the Californians holding back to
allow the Easterners a chance at the
targets. It is expected that it will be
towards the end of the week before any
big scores are made. The shooting will
continue for ten days.

This morning the best scores were
made by C. M. Henderson of the Gold-
en Gate Rifle and Pistol Club of San
Francisco. Henderson was trying the
public contest on the man target and
made 79 out of a possible 80, or three
flags and 19 in succession, which is con-
sidered remarkable work. He has an
excellent chance to win the first prize
of \$200, for while 79 has been made sev-
eral times, it is unusual and no one has
ever made the possible 80 on the man
target.

H. M. Pope of Chicago made 76 on
the man target, but his performance
was soon eclipsed by the work of Hen-
derson.

Great interest has centered in the
Germania and Eureka honorary tar-
gets, but only three men have so far
shot at them. One man is allowed to
shoot only three times at the honorary
target, and the men are holding back
till they get in their best form. Frank
Detling of Sacramento yesterday made
the first bullseye on the honorary tar-
get, and today he made 55 out of a
possible 55, a performance which is not
considered good.

Louis Ritzau made two bullseyes out
of a possible three on the Germania
target.

A. H. Pope made 46, 47, 49 on the
standard target out of a possible 50,
and 71 and 72 out of a possible 75.
Pope is the king of the California
Schutzen Club, although he is not a
member of it.

Among those who were present at
the ranges today were F. C. Ross, the
first king of the National Bundes, and
William Hayes, the present king.
At 10 o'clock this morning there was
a reception of the visiting sharpshoot-
ers in their headquarters by the pres-
ident and officers of the Bundes, and
from 12 till 1 o'clock the members en-
joyed an informal banquet.

CAPTAIN STRONG OUT OF ARMY.

WASHINGTON, July 15.—Secretary
Root has directed the War Department
to accept the resignation of Captain
Strong, to take effect immediately. He
will be notified by telegraph and will
not sail for Manila on the transport
Grant tomorrow. The acceptance of the
resignation precludes any action by the
military authorities against Captain
Strong.

CONFIRMS THE REPORT OF CAPTURE OF A WIFE.

LONDON, July 15.—Lord Kitchener
in a dispatch to the War Office, con-
firms a report of the capture of the
wife of Acting President Schaken-
burg, and says the prisoner has been
brought into Pretoria.

REPORTS MADE ON EASTERN WEATHER.

CHICAGO, July 15.—Temperatures at
7 a. m.: New York, 72; Philadelphia, 76;
Washington, 76; Chicago, 74; Minne-
apolis, 76; Cincinnati, 76; St. Louis, 80.

WILL BATTLE TO SAVE CAPT. WILLIAMS' ESTATE

An investigation is to be made of the
transaction by which Charles W. Stone
and L. Lazarus lay claim to about
\$13,000 worth of property that was
owned by the late Captain H. G. Wil-
liams. Public Administrator B. C.
Hawes has been looking into the mat-
ter and thus far has been unable to
find what consideration Williams re-
ceived for the property.

Hawes now has possession of a quit
claim deed to a piece of property on
Pine street near Hyde, San Francisco,
valued at about \$10,000. The deed was
signed by Mrs. Sarah D. Williams, the
first wife, in Boston, and forwarded to
this city. Stone and Lazarus secured
an order for the Public Administrator
to show cause why he should not deliv-
er the deed to them. The matter was
to have been heard this morning.

GREAT MILL STRIKE IS ORDERED IN PITTSBURG.

Thousands of Men Fail to Report For Duty and the Bitter Contest
Between Capital and Labor Is Now On—Strikers
Have a Fund of \$300,000 in the Bank
Many Large Plants Closed.

PITTSBURG, Pa., July 15.—The
strike of the members of the Amalgam-
ated Association employed in the tin
plate, sheet and hoop mills, which was
ordered Saturday night as a result of
the disagreement between the conferees
of the United States Steel Corporation
and the Amalgamated Association was
generally observed in the Pittsburgh re-
gion today. The skilled workmen who
are under control of the union failed
to put in an appearance, or if they did
go to the mills it was merely as spec-
tators, and with no intention of work-
ing. Early reports received at the gen-
eral offices of the Amalgamated Asso-
ciation indicate that the strike order
was being observed at all mills of the
tin plate, sheet and hoop combines.

Expects Strong Showing.

President Shaffer is confident that
the Association will make such a
strong showing in this preliminary
suspension of work that a general
strike of all the mills of the United
States Steel Corporation will not be
necessary. This strike resembles the
historical Homestead strike in 1892 in
that it is not a question of wages, but
of recognition of the Amalgamated As-
sociation. The Association insists
upon unionizing all of the plants of the
three companies in question. The man-
ufacturers refuse to grant this de-
mand and say that the individual con-
tracts with workmen which are in
force at a number of the plants must
stand.

Painter Mill Closed.

The Painter Mill of the American
Sheet Steel Company of the South Side
has shut down. The men have joined
the Amalgamated Association and this
morning not one of the workmen
showed up. It is estimated that
between 700 and 800 men are out.

The Hungarians were hauling away
finished materials and the boys were
working in the machine shops, the only
department in the mill where a wheel
is turning. The strikers are keeping
away from the plant.

The Lindsay and McCutcheon plant
of the Steel Hoop Company in Alle-
gheny is also idle and the Star and
Monongahela plants of the American
Tin Plate Company are closed down.
The Painter and Lindsay and McCut-

MAY SETTLE THE BIG STRIKE.

Rumors to That Effect Are Now
Flying Fast in Pitts-
burg.

PITTSBURG, July 15.—A report is
circulated in iron and steel circles that
steps are to be taken at once by the
manufacturers towards a settlement of
the strike. It is reported that J. P.
Nutt, secretary of the Labor Bureau of
the Republic Iron and Steel Company,
and J. I. Reis of the Bay View plant
of the Illinois Steel Company are to call
the manufacturers and workers togeth-
er to consider a plan of mediation. Of-
ficials of the organization, when told
of the report, smiled and said:

"When you see Mr. Reis here you
can be sure that the report is cor-
rect."

President Shaffer refused to state
whether any proposals had been made
to close the strike episode, stating that
he was busy in consultations with the
various officials in charge of the
strike.

A meeting of managers of all the
plants of the Steel Combine is being
held here this afternoon, but no infor-
mation regarding its purpose was given
out.

WILL BATTLE TO SAVE CAPT. WILLIAMS' ESTATE

An investigation is to be made of the
transaction by which Charles W. Stone
and L. Lazarus lay claim to about
\$13,000 worth of property that was
owned by the late Captain H. G. Wil-
liams. Public Administrator B. C.
Hawes has been looking into the mat-
ter and thus far has been unable to
find what consideration Williams re-
ceived for the property.

Hawes now has possession of a quit
claim deed to a piece of property on
Pine street near Hyde, San Francisco,
valued at about \$10,000. The deed was
signed by Mrs. Sarah D. Williams, the
first wife, in Boston, and forwarded to
this city. Stone and Lazarus secured
an order for the Public Administrator
to show cause why he should not deliv-
er the deed to them. The matter was
to have been heard this morning.

cheon plants have been looked upon by
the officials of the United States Steel
Corporation as the strongholds of the
non-unionists in the hoop company.

In the Enemy's Camp.

The prompt action of President Shaf-
fer in thus early forcing the fighting
and carrying it into the enemy's camp
was looked upon as evidence that the
strike will be one of the most spirited
of Pittsburgh's history.

President Shaffer declared that not a
wheel would turn in a the Painter
or Lindsay and McCutcheon works un-
til the strike was settled. The Painter
plant was pivotal with respect to the
other non-union plants of the Steel
Hoop Company and that the men else-
where had promised, if the Painter
plant would join the strike movement,
there would be no trouble organizing
the remainder of the plants. He said
that there was no question that the men
would respond, as they have been an-
xious to join the general movement and
were held in check and kept at work
by the direction of the Amalgamated
officials.

President Shaffer said that the move-
ment would be carried to the plants
not now recognized by the Combine as
under the control of the Association. He
looked for a general response to his
strike order, as the men have been
awaiting just such a command since
July 1. He declared that the men were
prepared to fight it out on the original
lines "until doomsday."

Quiet Interest in Strike.

In certain circles a quiet interest is
manifested in the effect the strike may
have upon the Carnegie industries, es-
pecially the steel mills at Homestead.
These mills are generally supposed to
be non-union, but there have been re-
cent visits of Amalgamated officials to
Homestead that at this time are some-
what suggestive. Many a hint has
been thrown out by Amalgamated men
within the past few days that when
the Association felt the need of show-
ing its strength the steel combine folks
would be amazed. Aside from any in-
terest the Amalgamated people may
have in Homestead, it may be possible
that the General Federation of Labor
has intrenched itself there. Should the
strike be prolonged many interests
would be sure to suffer. The strikers
could probably take good care of them-
selves. Work is plentiful on all sides,
and besides the Amalgamated Associa-
tion has a strike fund in the bank
which is said to amount to between
\$200,000 and \$300,000. The railroads
would be among the greatest sufferers,
as a long strike would greatly decrease
the shipment of mill products. Build-
ing contractors and others using steel
would also come in for much loss. It
is even possible that building opera-

INJUNCTION IS HEARD IN COURT.

Strikers Make a Reply to Charg-
es Made in the Circuit
Court.

CINCINNATI, Ohio, July 15.—Not-
withstanding the great defection today
in the strikers' ranks, the injunction
proceedings set for hearing today be-
fore Judge Clark of the United States
District Court, were not delayed. A
motion by the defendants to dissolve
the temporary injunction was the form
in which the matter was presented.

The defense denied all the allega-
tions upon which the injunction had
been granted and presented a large
number of affidavits in support of their
denial. Some of the affidavits asser-
ted that intimidation and threats had
been used against the strikers. Coun-
ter-affidavits were presented by the
plaintiffs in support of their allega-
tions. The hearing is not concluded.

NOT ONE MAN WENT BACK TO HIS WORK.

READING, Pa., July 15.—Vice Pres-
ident Voorhees' letter was received by
the striking shop hands with declara-
tions of determination to stay out and
endeavor to spread the strike. They
say they went out for an increase and
that they will stay out until they de-
finitely know what they are going to
get. Not one man went back today
and it is expected that the 1,000 ma-
chinists in the locomotive works will
be ordered by the company on shorter
working days at once as the strikers
have tied up the boiler making and
blacksmithing departments of that
plant. Labor leaders insist that the
strike will extend to the trammings
of the entire Reading system.

LETTERS GRANTED ON MRS. BUTTON'S ESTATE.

Attorney Fred L. Button was this
morning granting letters of adminis-
tration on the estate of his mother,
Margaret Button, with bonds fixed at
\$5,500. The estate consists of about
\$8,500 worth of realty and \$1,500 worth
of personal property.

MOULDERS IN CHICAGO ALL DROP WORK

A Thousand Men Refuse to Turn
a Wheel Until Demands
Are Granted.

The International Union Will Not
Sanction the Action of
the Men.

CHICAGO, July 15.—Members of the
Iron Moulders' Union in Chicago went
on strike today and many of the ma-
chine establishments that have been
running their molding department de-
spite the strike of machinists may have
to close down or yield to the demands
of the men. Officials of the union es-
timate that between 800 and 1,000 men
will be involved. The trouble has been
threatened for weeks, but the local and
international officers of the union have
endeavored to bring about a peaceful
settlement and hopes have been enter-
tained that a strike would be avoided.

Last Saturday Vice-President Mc-
Mahon arrived in Chicago, and at a
mass meeting informed the men that
the international officers of the union had
decided not to sanction a strike. The
men were determined that their
demands should be conceded and voted
almost unanimously to strike today un-
less the minimum scale was granted.

At starting time the men appeared at
the shops as usual, but before going to
work presented their demand for the
increased scale.
When it was refused they left the
moulding rooms.

MACHINISTS ARE BACK TO WORK.

Two Thousand Men Have Return-
ed to the Shops in Cin-
cinnati.

CINCINNATI, July 15.—The ma-
chinists' strike was practically ended
today by the return of more than 2,000
workmen to their various shops. The
strike managers had announced their
intention of concentrating their attack
upon certain plants while permitting
men to work at other plants for the
purpose of obtaining funds.

One of the plants designed to be
fought against was that of Fay-Egan
& Company. Today over 600 of the
Fay-Egan employees formed in line and
marched in a body to their work, thus
destroying the strongest hope of the
leaders. The manufacturers feel as-
sured that nothing can prevent the re-
turning strikers from returning to
work.

VESSEL ASHORE AND IS A TOTAL LOSS.

HAMBURG, July 15.—Captain May
of the German steamer Tanis from
Hamburg June 21, for Monet Video,
cables that his vessel ran ashore at
Punta Mogotes and it a total loss. Her
passengers and crew are proceeding to
Monte Video.

YOUNG MAN DROWNED IN LAKE TAHOE.

SACRAMENTO, Cal., July 15.—
Frank Mott of this city, son of George
M. Mott, former Department Com-
mander of the Grand Army of Califor-
nia, was drowned in Lake Tahoe at Ta-
hoe City last night by falling from a
row boat in which he was seated with
a companion, Foye Cothrin. The latter
was rescued. Mott was a native of
Sacramento, aged about 20 years.

THE PRESIDENT MAKES NEW APPOINTMENTS.

WASHINGTON, July 15.—The Presi-
dent today made these appointments:
Navy: Captain Charles Hutchins,
Lieutenant Commander, Edward L.
Lloyd Jr., Allen G. Rogers, George R.
Clark; Lieutenants, Yates S. Stirling
Jr., Emmett R. Pollock, Richard H.
Douglass, John P. Ryan.
War: Warrant Officers, Joel T. Biggs,
Arthur T. Percival.

AMBASSADOR WHITE WILL COME HOME.

BERLIN, July 15.—The Kleine Journal
prints a letter from United States Em-
bassador White to the editor of that pa-
per, in which Mr. White says he will
go to the United States in September to
visit his family. Whether or not he will
remain in Berlin, he writes, depends
upon various considerations, particularly
the status of certain questions between
Germany and the United States, which
doubtless will occupy the Reichstag at
its next session.

FAMOUS HERMITAGE IS PLACED UNDER FIRE.

Board of Supervisors Hears Testimony Today Against the Fruit-
vale Resorts—Rev. Rhoda Appears as the Prosecu-
tor and Interesting Testimony Is Giv-
en—Chapman Defends.

The protests against the saloons in
Fruitvale which were filed against the
Board of Supervisors some time ago
came up for hearing before the Board
this morning. They attracted a large
number of protestants and friends of
owners, the latter of whom were all
in attendance. The protests were
filed against the resorts of the follow-
ing: Peter C. Nielsen, L. Faure of the
Hermitage and B. Walliser.

The protest against Faure of the Her-
mitage was first taken up.
M. C. Chapman said that two weeks
ago he had shown that there were no
specific charges against the Hermitage.
The charge was against all the saloons
in Fruitvale. He asked there-
fore that the petition be ignored.

Rev. Mr. Rhoda said that the part
of the ordinance touching protests
against saloons did not require specific
charges to be made.

Mr. Rowe moved that the Board pro-
ceed to investigate.

Mr. Horner seconded the motion.
The motion prevailed.

Rev. Rhoda said he would present no
witnesses.

Mr. Chapman then moved again that
the protest be denied. It was as he
expected. The protestants had no evi-
dence. They were simply dealing in
abuse.

The chairman said the Board would
hear the case.

Mr. Rhoda said he opposed Faure's
application for the reason it should not
be granted because it was signed by
Nielsen who was also a saloon keeper.

Nielsen could not attest to the good
character of Faure.

Mr. Chapman said that he was pres-

Young Man of 20 Is Murdered in
San Francisco This
Morning.

The Tragedy Was the Result of
Drink—The Murderer Is
in Jail.

SAN FRANCISCO, July 15.—Lafayette A. Walsh, a youth of 20 years,
whose home was at 24 Morris avenue,
was stabbed and killed at an early
hour this morning, by a young man
named Emmett Pettigrew, who was ar-
rested on a charge of murder.

Both were drivers of dairy wagons
and the tragedy resulted from a night
spent in drinking and brawling.

CONVENTION MEETS IN RICHMOND.

RICHMOND, Va., July 15.—The
Constitutional Convention of Virginia
was in session but 21 minutes today.
The most important resolution intro-
duced was that of Mr. Pedigo (Rep.)
of Henry County, which aims to pre-
vent lynching. It provides that the
Governor shall offer a reward of \$500
for the arrest and conviction of every
person who shall engage in the offense,
that the crime shall be murder in the
first degree, where the hanging or
lynching is accomplished, and the Gov-
ernor shall pay \$1,000 to the heirs of
any person lynched, the money to be
charged to the county or city in which
the crime was committed.

MANY ANIMALS DIED IN MISSISSIPPI.

JACKSON, Miss., July 15.—During
the first week or two of the Charbona
epidemic in the Delta more than 90 per
cent of the animals affected died, but
since a supply of the virus for inocula-
tion was procured the death rate has
been materially reduced. The disease
is spreading all over the vicinity.

DROPPED DEAD AT BREAKFAST TABLE.

MARIETTA, Ohio, July 15.—William S.
Graced, a prominent and wealthy oil
operator, manager of the Boston Oil
Company, dropped dead at the breakfast
table this morning.

tions might be seriously hampered. The demand for coal and coke would fall off. The possibilities of the strike are startling.

Shaffer in Charge.

At the headquarters of the Amalgamated Association today it was said that the situation was satisfactory. President Shaffer took personal charge of the strike campaign. The executive committee of the Amalgamated Association has placed the fight entirely in his hands and he has been directed to plan his campaign as he thinks best.

Secretary John Williams said this morning: "Every tin plate plant in the country is closed down."

The Scottsdale and Old Meadow mills are still running and President Shaffer said:

"We could call them out, but they are working under an agreement and we don't want to break their contract."

Nothing has been heard from the Saltburg mill.

When asked if he had anything to say, President Shaffer said:

"No, things are just as I expected. In the rush we overlooked one place and an important place, too, and this morning I got a telegram asking what is the matter with us. Its a tin mill," said he, but refused to say where it was located. In reference to the report that the manufacturers had made a proposal for another conference, Mr. Shaffer said that no intimation had been received by him that they had any idea of asking for a second meeting in the near future.

Not a Wheel Turned.

YOUNGSTOWN, O., July 15.—Not a wheel was turned this morning in any of the plants of the American Sheet Steel Company or the American Steel Hoop Company. This district is the largest, numerically, in the Amalgamated Association, and the men are a unit in observing the strike order issued by President Shaffer. The Steel Hoop Company has five plants in Youngstown, Girard, Warren, and Youngstown, and the Sheet Steel Company has four in Struthers and Niles. All are organized. Vice President Ward Sunday organized the men in the four plants of the Niles Sheet Mill Company.

Eight Hundred Out.

NILES, Ohio, July 15.—As a result of the strike order issued by the Amalgamated Association, the 800 men employed by the American Tin Plate Company here did not report for work today. The plant of the American Sheet Steel Company has been closed since July 1, but preparations have been under way for an early resumption of work. Now, however, the men, it is said, will not return until the strike is settled. About 1,000 men are employed at the plant.

All Obedient Orders.

ANDERSON, Ind., July 15.—The tin plate mills here were closed this morning. All members of the Amalgamated Association obeyed the strike order and 500 men are idle here.

The mills at Middletown, Ind., are shut down by the strike.

At Elwood the strike order in the mills of the American Tin Plate Company was obeyed without question. Work was suspended this morning. Two thousand men are affected.

Plant is Idle.

CLEVELAND, Ohio, July 15.—Between four and five hundred men employed at the Crescent Tin Plate Mills in this city obeyed the strike order of President Shaffer today and the plant is practically idle. The Crescent is the only plant affected in Cleveland by the strike order. It is controlled by the American Tin Plate Company.

OAKLAND ORGANIST WILL TOUR IN EAST.

Miss Marie Giorgianni, the well-known organist of St. Mary's Church, will leave Oakland this evening on a tour of the East, after which she will attend the Boston Conservatory of Music. She will visit New York, Boston and the Pan-American Exposition at Buffalo. Miss Giorgianni is an earnest and conscientious worker in her chosen profession and is extremely popular in musical circles. Although connected with St. Mary's for a number of years this is her first vacation. During the absence of Miss Giorgianni Signor Martinez will direct the choir.

TRYING TO STARVE HIMSELF TO DEATH.

Walter Anderson was taken to the Receiving Hospital this afternoon on a charge of insanity because he has refused to eat food for a week. He also refuses to talk. He was arrested in a lodging house on Sixth street by Police man Keefe. The man was so weak from starvation that he could hardly walk. He was released from an insane asylum about six months ago.

COLONEL BUTLER HOME AGAIN.

Made a Fortune on the Stage and Will Go on the Road Once More.

Col. Fay Butler, one of the best known of the former residents of this city and who, for a number of years was connected with the business department of THE TRIBUNE, arrived here today from Los Angeles.

He will remain here until Monday night, when he will leave for Chicago where he will start out, for the season of 1901-02, with the great extravaganza specialty creation known as "Naughty Adams."

There has been a great deal of money expended in the production of this play but the Colonel is satisfied that the money will return in a most liberal manner.

Colonel Butler is meeting with a number of his old friends and the meeting is a source of mutual gratification. The Colonel has made barrels of money as an actor and manager. He is a rich man.

WILL DEDICATE AN ALTAR.

Rev. J. B. McNally Will Conduct the Services Tomorrow Evening.

Tomorrow evening at 7:30 o'clock in St. Patrick's Church, West Oakland, there will be an altar and statue dedicated and blessed. The statue will be that of St. Anthony of Padua, and the altar will be dedicated to that saint.

The unveiling of the statue will be followed by the dedication of the altar. The ceremonies will be conducted by Rev. J. B. McNally, pastor of the church. Rev. McNally will also deliver a panegyric on the patron saint. This will be an eloquent effort. The subject is one on which Rev. Father McNally is well informed and in which he will display his old-time eloquence. Benediction of the Blessed Sacrament will be given after the exercises. The donor of the altar and statue is Mrs. Berger, a member of Rev. Father McNally's parish.

PAT CROWE IS HEARD FROM AT JOHANNESBURG.

KANSAS CITY, July 13.—A special to the Star from St. Joseph says:

A. W. Brewster, an attorney of this city, has received a draft for \$250 sent to him by "Pat" Crowe from Johannesburg, South Africa. The amount was sent to the lawyer to pay an attorney fee Crowe had been owing a number of years.

Crowe's name had been connected by allegation with the kidnapping in Omaha of the young son of Edward Cuddeback, the packer, who paid a ransom of \$25,000 in gold to recover his boy.

Several years ago Crowe was under arrest in St. Joseph on the charge of train robbery. He employed Brewster, who is a State Senator, to defend him. The charge was finally dismissed, as the case was not a strong one.

EIGHT YEARS FOR M'GLADE.

Was the Leading Man in Raising the Money for the Fourth of July.

Up to noon today all that remained to be collected of the subscriptions to the Fourth of July fund, which amounted to \$4,050, was about \$10.

It is not improbable that, before THE TRIBUNE goes to press today, the last penny of the subscription will have been collected.

The final attempts at collection, like many of those before, were made by Theo. Gier, who filled the position of chairman of the Finance Committee, as also that of treasurer of the Fourth of July celebration fund.

The fact that the subscriptions have been paid so promptly is looked upon as a tribute to the foresight of the Finance Committee and to the liberality and patriotism of the people who contributed.

Mr. Gier, who has worked unremittingly, not alone in raising the subscriptions, but also in collecting the same, has been credited with the performance of work which has been considered herculean, in view of the frequent demands for subscriptions for other patriotic purposes which, during a short time previously, had been made upon people of this city.

Those who have bills standing against the Celebration Committee can have them paid, if the bills have not already been paid by Secretary Walker, who has been, for several days, looking for creditors of the committee.

Funds were necessary for the carrying out of the celebration. Those funds were raised in the main, by the efforts of Chairman Gier and there is no person who does not appreciate his efforts now that the celebration of the Fourth has been an unqualified success.

FOUR BOERS KILLED AND FORTY-SEVEN CAPTURED.

PRETORIA, July 13.—General Methuen had a successful engagement with the Boers July 6th northeast of Zoorust, in the Transvaal Colony. Four Boers were killed and forty-seven captured. The Boers daringly attempted to raid a cattle ranch near here; they were driven off with loss.

SHAMROCK II MAKES A FINE RUN HOME.

ROTHESAY, July 13.—The two Shamrocks started off Garonne Head for a long beat to windward. At the end of the heat the Challenger was 3 1/2 miles ahead of Shamrock I and she increased her lead on the run home, finishing six minutes before the older boat.

PRESIDENT'S WIFE IS MADE A PRISONER.

LONDON, July 13.—The Sun is informed that Acting President Schalkburg's wife has been captured near Waterval, Transvaal Colony, and sent as a prisoner of war to Pretoria. The Sun's informant says the military authorities attach great importance to this capture.

C. M. M. Verwoert has given Alfreda Verwoert a bill of sale of all his personal property for \$10.

GROOM WANTED CHANCE TO "SQUARE" MATTERS.

Frederick James A. Jones, who was married to Esther J. Bayles yesterday afternoon at the Court House, called around today looking for Deputy County Clerk Leslie R. McKilloan. He camped on the steps of the Hall of Records before 9 o'clock this morning, waiting for McKilloan to arrive. He told a number of people that he wanted to "square" things with McKilloan for having given the facts of his marriage and the circumstances of his mother-in-law waiting for him with a revolver to the newspapers.

Shortly after 8 o'clock McKilloan arrived. Jones approached, and commenced to berate the deputy for having given his marriage to the papers. McKilloan, however, was not to be intimidated. In a few sharp remarks he informed the belligerent groom that it would be healthier for him to keep a civil tongue.

He also told Jones that it was himself who had succeeded in getting himself mixed up in a newspaper story on account of his having talked so much about the pistol his mother-in-law was carrying.

Jones finally cooled off and left the office.

HONORS FOR THEODORE GIER.

Was the Leading Man in Raising the Money for the Fourth of July.

Up to noon today all that remained to be collected of the subscriptions to the Fourth of July fund, which amounted to \$4,050, was about \$10.

It is not improbable that, before THE TRIBUNE goes to press today, the last penny of the subscription will have been collected.

The final attempts at collection, like many of those before, were made by Theo. Gier, who filled the position of chairman of the Finance Committee, as also that of treasurer of the Fourth of July celebration fund.

The fact that the subscriptions have been paid so promptly is looked upon as a tribute to the foresight of the Finance Committee and to the liberality and patriotism of the people who contributed.

Mr. Gier, who has worked unremittingly, not alone in raising the subscriptions, but also in collecting the same, has been credited with the performance of work which has been considered herculean, in view of the frequent demands for subscriptions for other patriotic purposes which, during a short time previously, had been made upon people of this city.

Those who have bills standing against the Celebration Committee can have them paid, if the bills have not already been paid by Secretary Walker, who has been, for several days, looking for creditors of the committee.

Funds were necessary for the carrying out of the celebration. Those funds were raised in the main, by the efforts of Chairman Gier and there is no person who does not appreciate his efforts now that the celebration of the Fourth has been an unqualified success.

THE GLENN CASE IS BEING HEARD.

PARKERSBURG, W. Va., July 13.—The Glenn case was resumed today with Ernie Byers on the stand. He roomed with Bert Glenn all the time he lived in Williamstown. He said he never knew Glenn was not a man. Glenn always acted like a man in every way. He said Glenn had false teeth both upper and lower.

A suit for \$50,000 damages has been filed in the United States Circuit Court by Ellis Glenn against William Richardson and Julius Richardson, his sons, for the alleged kidnapping of the prisoner at Litchfield, Illinois, last year.

SEEKS TO REVIEW JUDGMENT AGAINST HIM.

J. P. Martin of San Lorenzo has commenced suit in the Superior Court to review a judgment rendered against him by Justice J. E. Quinn of Eden township for \$134.75. The plaintiff in that action was Lum Hoe. Martin claims that he was not properly served with a summons in the case. Judgment was taken against him by default. He says that Constable Ramage is now threatening to sell his horses and harness to pay the judgment.

MADRID BUDGET COMMITTEE MEETS.

MADRID, July 13.—The Budget Committee, after a prolonged and critical discussion, has decided to shelve for the present the proposals of the Ministry of Finance, suspending the coinage of silver except in the case of one and two peseta pieces and urging the negotiating of treasury bonds at three, six, nine and twelve months, according to the demands of commerce.

H. J. ROGERS TO BUILD HANDSOME RESIDENCE.

Henry J. Rogers has let a contract to J. T. and J. H. Digwell for the construction of a handsome residence on Linden street near Eighth street. The contract price is \$5,000. The building is to be modern in all respects, being equipped with electric wires and ornamental finishings inside. It will be two and a half stories, with basement.

GOVERNOR ALLEN HAS SAILED FOR NEW YORK.

SAN JUAN, Porto Rico, July 13.—Governor Allen and his wife, with their household effects, sailed for New York today on the Mayflower. A large crowd assembled at the wharf to bid the Governor farewell. Governor Allen admitted he had no intention of returning to Porto Rico. It is semi-officially announced that he will enter the Diplomatic service.

WILL ALL HELP TO TIE UP THE ROAD.

READING, Pa., July 13.—The Grand Opera House was packed until after midnight by a meeting of striking Philadelphia and Reading Railway employees. The announcement was made that not only engineers of the Reading system but firemen, trainmen, linemen, repairmen, were with the men on strike. The trainmen, it was stated, will join in helping to tie up the road unless the company settles the strike at once.

SAILED FOR EUROPE WITH HER CHILDREN.

NEW YORK, July 13.—Attorneys for Dan R. Hanna of Cleveland obtained from Justice McAdam, in the Supreme Court today a writ of habeas corpus returnable Monday, commanding Mary Harrington Hanna to produce in court her three children. Mr. Hanna in his petition says that the children were restrained of their liberty by their mother on the pretense that she has a right to their custody and that he, their father, has been illegally deprived of their charge. Mr. Hanna accompanied the detectives to the Hotel Savoy to serve the writ and he was told that Mrs. Hanna had sailed with her children on the steamer Menominee which cleared the bar bound for London at 10:50 o'clock this morning.

GUilty OF BURGLARY IN THE FIRST DEGREE.

The jury in the case of Charles Wright last evening returned a verdict of guilty of burglary in the first degree. He will be sentenced next Tuesday.

On the night of April 24th Wright entered the store of E. Olson at Third and Jefferson streets and stole some shoes and robbed the till of about \$5 in small change. He was arrested about 3 o'clock in the morning with the stolen goods in his possession. Two companions were with him, but they were not held, as they did not have any of the stolen property.

THREATENED NEIGHBORS AND CARRIED A BLADE.

BERKELEY, July 13.—John Rumbell, a colored man was arrested today by Deputy Marshal Preston on the charge of carrying a concealed weapon. The complaint was made by Mrs. G. H. Rumbell, his wife, in which is concealed a blade and it seems he has been threatening to use this blade upon the complainant and other neighbors.

JOINT CONFERENCE STILL IN SESSION.

PITTSBURG, July 13.—The joint conference was resumed this morning. While no date has been set for a final adjournment, several of the conferences are arranging to leave the city this evening and as President Shaffer has declared that he will not consent to any further postponement of the conference, it is believed that a settlement or disagreement will be reached before tonight.

After a session of an hour and a half the conference took a recess for lunch. All attempts to induce the conference to talk were fruitless. They will meet again at 2 o'clock.

TWO MORE LETTER CARRIERS FOR OAKLAND.

WASHINGTON, July 13.—The Post-office Department today made an allowance of two additional letter carriers for the Oakland office, beginning July 18th.

WILL MAKE ADDITION TO INSANE ASYLUM.

SAN BERNARDINO, Cal., July 13.—The State Lunacy Commission accepted the plans of T. H. Goff last night for an addition to the State Hospital at Highland.

MARGARET'S SUPREMACY.

"You cannot yet play the piano as well as your big sister, little one," said Mr. Blank to little Stella.

"Oh, dear, no," she answered. "I can only play for three hours at a time, while Margaret can play all day without stopping."

Although he looked at the little one keenly he could detect no covert sneer. "Only a face full of childish innocence," Indianapolis Sun.

EARLY DEATH OF HARVEY SLOPER.

Regretted Close of a Career of a Man Widely Known and Respected.

Harvey N. Sloper, manager of the Denison News Company, died yesterday morning shortly after 2 o'clock of pneumonia. He had been ill only three days. The end came at his home, 1011 Myrtle street.

Mr. Sloper had been ill only a few days. He first experienced the attack on Wednesday night, while he was in attendance upon a meeting of a corporation of which he was a director. He left the meeting and returned to his home. Medical aid was summoned and all that was possible was done to effect the effects of the attack, but to no avail.

The deceased was in his 42d year. He leaves a widow and two daughters. He was a stepson of the late Senator Eli S. Denison.

Mr. Sloper was one of the best known business men of this city. For years he was connected with the Denison News Company, and was an organizer of the business. He was in active control of the institution at the time of his death. He grew gradually in the estimation of the president, the late Eli S. Denison, and after the death of that gentleman, became president and manager of the company.

Mr. Sloper was a quiet, easy-going gentleman. He was unobtrusive to the highest degree. He was a great admirer of social pleasures and this fact made him a boon companion in several fraternal organizations, and more especially, the Elks, of which order he was a charter member. Mr. Sloper had a faculty of being earnest without being noisy, of being practical without being pedantic. His company was sought and appreciated and his counsel was valued and heeded. His death has caused profound regret among all who knew him and his circle of acquaintances extends not only through this city but throughout the State. The funeral will be held tomorrow afternoon at 2 p. m. under the auspices of the Lodge of Elks. It will be held from the Union-Fran Church.

TELLS OF ENLARGEMENT OF THE HEART.

The Rev. H. J. Vosburgh of Beaver, Wisconsin, preached his first sermon at the First Baptist Church yesterday. He is preaching on trial. He said in part: "I am going to talk to you about enlargement of the heart. Speaking from the standpoint of the physician, such a thing is very dangerous to life, but as a spiritual condition it is a necessity. It is my opinion that the present generation neglects this phase of the case. We devote much time to the physical condition of our well-being in the way of athletics, but our poor hearts are in danger of being entirely ignored.

"There are three lines of the cultivation of the heart—intellectually, the cultivation of our emotions and charity. We are prone to the overculture of the first two and to neglect of the last. By over-indulgence in the first we are rearing a modern monasticism. Cultivation of the mind accompanied with neglect of the spiritual part of ourselves tends to erect a barrier that precludes association with our fellows. We are thus defeated in reaching the goal which should be the aim of all deep thought and research. Another matter that is to be avoided is excessive emotionalism. Emotion should be to the man what steam is to the locomotive. There are many people who indulge in emotional intoxication. Women go to the theater and to the church for the purpose of indulging in this. Emotion is a good thing and the cause of some of the best deeds ever accomplished by man, but it is also greatly abused.

PROPERTY ATTACHED TO SECURE A DEBT.

D. A. Curtin has attached 6.05 acres of land owned by Joseph H. and G. B. Garcia near San Leandro to secure a claim for \$205.

NEW ALTAR IS DEDICATED.

Rev. J. B. McNally, pastor of St. Patrick's, officiates at the Services.

The interest in the Sunday services at St. Patrick's Church was heightened yesterday by the dedication of an altar to St. Anthony of Padua. The exercises were held in the evening and were attended by a large number of spectators. The altar was decorated with St. Joseph's lilies. A large statue of the saint occupied a central position. The statue was veiled up to a certain point in the exercises, when the veil was withdrawn.

The altar was then set aglow with tiny electric lights.

The services were conducted by Rev. J. B. McNally, pastor of the church, who also delivered the panegyric and who among other things said: "What person can encourage us when our friends die. There is only one at that time and that one is the Lord Jesus. Our dead, if not in heaven, are on their way there. The Catholic religion alone knows how to take care of them. Cruel are the words that debar us of a purgatory; that forbid us to pray for our friends who are resting in a middle place preparatory to the bliss of heaven."

The music was as follows: "Salve Regina," by the choir. "Come Unto Me," contralto solo, by Miss Florence M. Champreux. Duet, "Ave Marie," Miss Estelle Long and Miss Kathryn Cullen. "Lead, Kindly Light," tenor solo, Professor Meredith. "O Salutaris," duet, Miss Long and Miss Champreux. "Tantum Ergo," chorus of young girls.

Rev. J. B. McNally was assisted by Father John B. McNally Jr. and by Francis Gleason and Theo. Keller, students in the Catholic Seminary at Menlo Park.

MASS CELEBRATED IN CATHOLIC CHURCHES.

High mass was celebrated at the Church of St. Francis de Sales at 11 o'clock yesterday. The celebrant was the Rev. Father F. A. Cull; J. A. Butler preached the sermon. Miss McNally presided at the organ. A soprano solo was rendered by Miss Frank of San Francisco, who also sang the "Veni Creator." W. May gave a bass solo as an offertory. Vespers were said by the Rev. Father Cull at 7:30. The sermon was by the Rev. Father Mcweeney. The benediction of the Blessed Sacrament followed.

The Rev. Father Nolan of the Church of St. Mary's of the Immaculate Conception was celebrant at high mass at 11 o'clock yesterday. Dr. Morrison preached the sermon. Gounod's mass was rendered by Professor Gregory. The solos were taken by T. A. Noon, T. Frigoni, Miss Wilkie. In the evening vespers were sung, followed by the benediction of the Blessed Sacrament.

RETAIL GROCERS WILL MEET THIS EVENING.

The grocers of Alameda county will perfect their organization tonight at Gier's Hall, 511 Fourteenth street. From all indications the new association will be one of the strongest in the State, one that will be effective in heading off the dead beats from whom the merchants of the various cities suffer so much. At the preliminary meeting there was a gratifying feeling of harmony. The grocers from every section of the county showed that they are anxious to get together, bury all sectional and personal feelings and work for the good of the cause.

SOCIETY OF ST. ISABEL MEETS.

Supreme Council of Portuguese Ladies Hold Their First Convention.

Business Meeting Was Held Today at Golden West Hall.

The Supreme Council of the Portuguese Ladies' Benevolent Society of St. Isabel, began its initial convention in this city this morning, holding a business meeting during the day. Another business meeting will be held tomorrow and Wednesday morning and Wednesday afternoon the new officers will be installed. The convention will be brought to a close by a grand ball Wednesday evening at Pythian Castle. The business meetings are being held in Golden West Hall.

The State delegates to the convention arrived last evening at the Galindo Hotel, where they have made their headquarters. There were sixty-five delegates in the party, representing 1,600 members throughout the State. The order was organized January 20, 1901, with 365 charter members, and at present there are thirty-five subordi-

nate lodges. A special high mass in honor of the convention was celebrated yesterday morning at St. Joseph's Portuguese Church on Chestnut street. The sermon was preached by Rev. Father Raposo.

Lodges No. 1 and No. 11 of Oakland last evening gave a reception to the delegates in Golden West Hall, and an excellent literary and musical program was rendered. The hall was decorated with the colors of the order, blue and white; greens, flowers and Chinese lanterns. The effect was charming.

Miss Anna L. Costa, the supreme secretary, made the opening address, and the following program was rendered: Hymn of the order, by Miss L. Garcia of San Leandro; recitation by Mrs. M. P. Alvares, speech by Mrs. M. L. Freitas, piano solo by Miss May Enos, recitation by Mrs. J. B. Maciel, vocal solo by J. L. Azavedo, recitation by little Miss Vieira. The closing number was the national hymn, "Da Carta Constitucional," sung by Miss L. Garcia, accompanied on the piano by Miss J. L. Azavedo, the audience joining in the chorus.

The program was followed by refreshments.

The officers of the Supreme Council of California are: Supreme president, Mrs. Rosa M. Oliveira, Oakland; supreme vice president, Miss Maria A. Souza Lemos of San Leandro; supreme secretary, Miss Anna L. Costa of Oakland; supreme treasurer, Mrs. Rita Soares of San Leandro; supreme master of ceremonies, Mrs. Maria L. DRIVING CLUB FOR OAKLAND.

Prominent Horsemen Form Organization and Purchase a Track.

Peralta Street Property Is Secured by the New Oakland Drivers.

The following circular concerning the Oakland Driving Club has just been issued: "The importance of having a place where gentlemen, who have a fondness for the 'truly American recreation,' driving fast horses, can gratify their desire, in a city which has as many votaries of the sport as there are in Oakland, is evident to those who are familiar with the situation.

"Years ago, before electric car lines, automobiles, bicycles and other obstructions were in the way, the streets afforded the opportunity for a 'friendly brush,' but now there is not a place contiguous to the city where driving faster than a slow rate of speed can be indulged in satisfactorily.

"Scarcely a city of the size of Oakland and Eastern parts of the United States is without a 'speedway.' That in New York cost several millions of dollars, appropriated by the city government, and one of the most entertaining spectacles in that great metropolis is the contests on it, which are witnessed by thousands of delighted people who throng the sides of the drive.

"The Driving Club obtained the use of the ground lying west of Peralta street and north of the blocks which the city purchased for a park, the boundary and grade stakes have been set, and in a few days work will be commenced on a track, which, in many respects, will be superior to the speedways in vogue.

"Five-eighths of a mile in circuit, and while this is a novelty in a semi-public course, its advantages as a training ground for fast horses has been thoroughly tested. The training track at Village Farm, near Buffalo, N. Y., is of that length, and never a track, public or private, on which so many very fast trotters have been educated. The Abbott, world's champion trotter, 2:03 1-4, Fantasy, 2:06, who holds five of the fastest records; Lord Derby, 2:07 in his first season; the fastest Lady of the Manor, 2:04 1-2, the fastest pacing mare; Robert J., 2:01 1-2, the fastest pacing gelding; and so many other crack performers have been tutored on that curriculum that space cannot be given here to present them, however briefly.

"Sufficient explanation of the success of the Hamlin stable, to those who are familiar with training fast horses, that a mile can be covered on a five-eighths track, in 60 to 70 minutes, is a 'straight work' than on one of a mile in circuit.

"Matinee racing has become so popular in the East that numbers of clubs have been organized for promoting and government of that kind of sport. The five-eighths track has the most advantages for contests of that description. As already stated, drivers are better pleased with less curvature to negotiate, spectators gratified by the horses being so much closer at all stages of the race, than when the races are over a mile track.

"The impression prevails that owing to the filling of the ground having been done by pumping from the bay thrown up to give the necessary gradient to enable the horses to round the curves easily, and with slope enough in the stretches to carry the rainfall quickly into the ditches.

"The object in issuing this circular is to bring the project before those who are interested in driving horses with the hope of increasing the membership of the club to such numbers as will compare favorably with Eastern associations. Admits pupils of both sexes. Enthusiasm and manual training a part of the course. Reopens August 5th.

TELLS OF PROF. LE CONTE'S WORK.

Rev. C. R. Brown Preaches an Interesting Sermon at Congregational Church.

The Rev. C. R. Brown preached yesterday at the First Congregational Church on the subject: "The Life Work of Prof. Le Conte." He spoke as follows:

"I shall not attempt to speak in detail of Prof. Le Conte's service to science, for many others are more competent to do that. I am an interested student of science in the part of my freshman year. I have been for years a believer in the methods of evolution and rejoice in the spiritual as well as intellectual help that view of things has brought. I rejoice therefore in the light Professor Le Conte has thrown upon so many problems by his scientific research.

"The two things I would emphasize tonight are these: First, the service of Le Conte in the task of reconciliation to be brought about between modern science and pure religion. There was nothing of a compromise in his makeup. He was too straightforward and honest. He would not worship unless he could do it with the same intellectual honesty that marked his work in the laboratory. The work of reconciliation of all religious truths must be done by reverent, constructive and pure-hearted men of real intellectual grasp. The sincerity of Professor Le Conte in the moral and spiritual values and the nobility of his own personal life, fitted him in a high degree to give a strong hand of assistance to those who are making this effort for readjustment.

"The other point is the potent and enduring influence he exerted for good over the lives of so many young men and women. His solid and genuine attainments as a man of science brought them in swarms to his classroom, and then his sincerity, sincerity, gentleness together with the inspiration of his instruction wrought upon them all for good.

"There was something not inappropriate about his departure. The patriarch of old, after teaching his restless pupils, the children of Israel, for forty years, went up into a mountain and looked out upon the scenes of their further activities. 'His eyes were dim from his natural strength abated,' and there in the full joy of genuine accomplishments and future vision, he died, as the Hebrew puts it, 'By the kiss of the Lord.' Thus from the midst of the Sierras that had been silent witnesses of his study of the rocks, and with a vision of the more useful science and more reasonable religion that are to serve the temporal and spiritual well-being of the generation he taught, the other beloved children of the children of America passed to his reward."

NO SALT TRUST POSSIBLE.

In view of the extensive salt works at Alvarado, Alameda county is naturally enough very much interested in all the talk that is going the rounds about a mammoth trust that is "to control the salt of the earth." To show how ridiculous such a proposition is, some statistics have been collected on the subject, and meager as they are they are sufficient to prove that the possibility of such an octopus is so remote as to be not even within reason.

In the first place, nearly all saline lands, such as those in the Alvarado district, can be converted into salt preserves, thus practically throwing the entire coast line open for competition in the event of an hour of need. In addition to this limitless resource, many of the States contain vast deposits of salt so pure that about all that is necessary is to cut and market it. The known salt deposits of New York State alone cover 5,000 square miles and average forty feet in thickness, and they are conservatively estimated to contain enough salt to supply the United States for from 700 to 1,000 years.

There are similar, though not as large, deposits in Ohio, Michigan and both the Virginias, while in Reno county, Kansas, the deposits are from 300 to 400 feet thick, giving about 2,000,000 barrels to each acre of surface. In Lincoln county, Nebraska, there is a bed of rock salt so easily mined that one man can dig and wheel out five tons a day; and Louisiana numbers beds of salt over 200 feet thick, of unknown extent and 99 per cent pure without refining.

It is apparent that it would be impossible to obtain control of these vast territories, no matter how many companies were organized or salt works brought into a combination, for the only object in creating a trust would be to first control, and then put up, the price of the product, and the moment this was done the business would hold out such inducements that scores of others would engage in it and no central organization could gather them in fast enough. The threatened salt trust is therefore a delusion and a snare as far as controlling the staple is concerned, and the only thing the International Salt Company can accomplish is to make money by minimizing the expense of handling the product.

The French air ship that it was announced would do the trick has failed as thoroughly as the rest of its predecessors in other parts of the world. However, we should not expect too much from these balloon experiments, for we know well enough that they are founded on not air.

Many a man will be trying to make his mark at Shell Mound this week.

HITTING OAKLAND HARD.

The more Assessor Dalton's assessment roll is examined the less likely it is to excite encomiums. It shows an assessment of over \$45,000,000 inside the city of Oakland, but \$1,000,000 of this is for the Contra Costa Company's franchise, \$560,000 for railroad property that the State Board of Equalization assesses, and \$369,000 for national bank stock that the courts have declared non-assessable. This makes \$1,929,000 of assessments that are purely figurative, for whatever taxes the water company is called upon to pay is immediately taken from the rate payers under the guise of operating expenses.

Outside the city about \$1,500,000 of the total increase in the assessment roll is on the property of the Contra Costa Water Company. This is merely adding to the burdens of the water consumers of this city without affording any return benefit. In fact, the people of Oakland are being taxed for the benefit of outlying districts, while no impost is placed upon the corporation.

Mr. Dalton is well aware that the Supreme Court has decided that taxes are a necessary part of the expense of operating a water plant, and must be provided for in the rates. Hence the people who buy water from the Contra Costa Company must stand the increase in the assessment of the corporation's property. There is no escape from it. The court of final resort has so decided. If this assessment is allowed to stand the citizens of Oakland will have to pay larger taxes on the water they drink, with the result that the money so paid will go into the State and county treasuries and be forever lost to this city.

POLITICS AND WATER SUPPLY.

The failure to float the proposed \$3,000,000 bond issue in Philadelphia has made abortive the effort to obtain a filtered water supply. The failure to sell the bonds on the prescribed terms is ascribed to lack of confidence in the local government. It is rather disheartening to the people of the Quaker City, who have for several years been vainly endeavoring to get a purified water supply, but it is not an unusual experience under municipal ownership. A succession of jobs has defeated the bond proposition and the people must go on drinking defiled water.

Four more deaths yesterday and Saturday from coal oil stove explosions further attest the saying that there are some people to whom it is impossible to teach anything. Enough publicity has been given to the dangers of this particular explosive and the fatalities attending it to warn off the entire civilized world, but somehow a large percentage of those with money enough to invest in coal oil stoves don't seem to have a nickel to spare for a newspaper, or if they do, they can't remember from one day to the other.

A monument is to be erected in China to the memory of the Russians who fell in the recent campaign. If the Chinese have assumed the undertaking it is doubtless to "fittingly commemorate the monumental gall of the Russian ruler in sending men there in the first place.

THANKS GIVEN TO THE MERCHANTS AND PAPERS.

"Resolved, That the thanks of the Association be hereby tendered to the Merchants' Exchange, Fourth of July Committee, the citizens generally, and to the TRIBUNE and Enquirer, all of Oakland, for their consideration and kindness toward making the regatta held July 4th, 1901, such an unqualified success. Very respectfully yours,
"W. E. HINCHMAN, President."

MARGARET OLCSE BORLINI IS GRANTED A DIVORCE.

Margaret Olcese Borlini was granted a divorce Saturday from Alfred A. Borlini by Judge Dunne in San Francisco, on the ground of failure to provide. Mrs. Borlini, while on her honeymoon journey, learned that her husband was short in his funds at the San Francisco bank where he was employed, and she immediately left him, returning to her mother, Mrs. M. Olcese, in this city. Borlini disappeared and his wife, after waiting the necessary year, brought suit for divorce.

PALMIST REPLIES TO DR. BAKER.

Sermon at Presbyterian Church Is Criticized By an Expert.

Mr. Editor: At the First Presbyterian Church last evening the Rev. Dr. Baker preached a surprising sermon, with the above title. It was surprising in several ways. He writes D. D. after his name, as though he were a college bred man. Yet he told us in the opening that the scientific name of palmistry is cheirologia, and that this meant the science of reading character by the hand. But this word is formed from cheir (hand) and mantia (to divine, to foretell). So that the word means the art or science of foretelling events from the hand. Evidently Dr. Baker does not know anything about Greek; perhaps it was left out of his college curriculum! But any common dictionary, or any book on palmistry, would have told him better. Cheirologia is the art of reading character from the form and texture of the hand, just as cheirologia is that branch of palmistry that assumes to read the past, the present and the future from the lines and marks in the hand. All works of authority in palmistry distinguish these two branches of the art. Evidently Dr. Baker has read none of these.

The word cheirologia, or cheirology, is the scientific term for the whole of palmistry. He blundered again in telling us that palmists pretend to find character from the lines in the hand. Even the most ignorant of the palmists, and there are plenty of them, do not assume to read character from these lines. They do assume to read the course of life from them. But they read character from the shape and size of the fingers, thumb, mounts and other parts.

The preacher told us that the palmists made out a large number of types of the hand, but had now reduced the number down to forty types! Yet all the popular authors, De Repentigny, Desbarolles, Heron, Allen, Craig, Rose Baughman, Chelro, St. Germaine and the rest, give us seven types of the hand. That is, the elementary, the square, the spatulate, the philosophic, the comic or artistic, the psychic and the mixed or harmonic type.

The preacher told us that palmistry was a pseudo-science, although it had attracted the attention of many noted men. Well, I have read 40,000 pages on physiology and comparative anatomy, yet I do not know of any physiologist (and they are the only competent scientists in the case) who has studied palmistry and yet rejects it! My own works in physiology are used in 15,000 public schools and sixty colleges of this country. Yet I have studied palmistry and I believe that it has a full scientific basis. The natural use or function of each part of the hand determines its meaning in palmistry. I know that the scientific reasons for palmistry are left out of most books on the subject, just as the reasons for the three basic laws of astronomy are left out of most school books on that branch of science. If the shape of the hand does not indicate the character, then the shape of the head and the features of the face do not. Elise Cuvier's law of organic unity is false, and I rather think that Cuvier was a scientific man. But my morning's space is too short to give the scientific reasons here.

They were told last evening that palmistry was, or might be, a harmless amusement for a social evening, but that when palmists charged money for reading the hand, then it was a fraud.

After advertising a sermon on Bible Palmistry and collecting pay for it, he gives us a talk in which he omitted all the passages in the Bible which refer to palmistry. Instead of giving these and commenting on them, he assumed, to give us a description of the signs in the hands of Mother Eve, of Cain, Jacob and Christ. That is, of cases where there is no evidence or record for or against. Except in the case of Jacob, and no Jew or Christian is permitted to examine the embalmed body of Jacob in Hebron. But the preacher did not seem to know this fact.

My advice is, that when a preacher steps out of his ordinary path to have a kick at palmistry, he had better first know something about some part of the subject. Yours for fair play,
DR. ADESHA SIVARTHA.

EDWARD WELTI DIES AT LOS GATOS.

Edward Welti, one of the pioneer restaurant men of this city, died yesterday at Los Gatos, whether he had gone some months ago thinking the change might prove beneficial to his health. For a time it seemed as if he would recover, but yesterday he became very much worse. His friends in this city were notified, and H. Schindler, his business associate, went to Los Gatos to be with him. Welti was a native of Switzerland, and was 56 years of age. Thirty-five years ago he settled in Oakland, and with F. W. Sparks engaged in the restaurant business, which he followed up to the time of his death. They became independently wealthy, as was shown at the time the estate of Sparks was probated a few years ago. Shortly after the death of Sparks his widow disposed of her interest in the business, and went to reside in Fruitvale, where she owned considerable property. Immediately opposite her resided the family of Edward Lane, and it was not long before there was a separation in the Lane family and Mrs. Lane asked the court to give her damages against Mrs. Sparks for alienating the affections of her husband. The case, however, has never been brought to trial.

More Style.

Never before was there seen in the city dies as at the present time. The reason is that the Eastern Outfitting Co. of 546 Fourteenth street of this city is supplying all these stylish suits at cash prices, and it is taking payments of \$1 per week. Its stock is the most complete in Oakland.

BALLARD HOME IS DESTROYED.

Fire Broke Out in the Mansion at Claremont Yesterday Afternoon.

The mansion of John Ballard, the millionaire mine owner, on the bend of Russell avenue at Claremont was destroyed by fire yesterday afternoon. How the fire started is a mystery. A few minutes before 3 o'clock, Mary Reilly, a domestic, looking from a pantry window, saw smoke pouring from the roof on the south side of the house. She ran screaming from the room attracting the attention of Miss Netta Moss, a niece of the Ballards and the two women ran up stairs to the attic, where they were stopped by the flames and smoke. In another minute the flames had burst through the roof. The women then commenced an heroic effort to save the furniture and they were soon joined by C. O. Parkhurst, W. D. Parkhurst, and L. H. Clark, neighbors. The first named telephoned to the Oakland Fire Department, but when an engine from Oakland and Berkeley hose carts arrived upon the scene it was found that the nearest fire engine was a mile away and nothing could be done. The firemen then concentrated their efforts on saving the eucalyptus grove of 400 acres, belonging to John Ballard and John Garber. This grove adjoins the Ballard property and was saved with the exception of a few trees which had to be chopped down.

Miss Moss and Mrs. Reilly were the only ones in the house at the time the fire started. Mrs. Ballard and her son, Frank, who is a student at the University, were out driving and returned to find their home in smoldering ruins and the women almost prostrated by their efforts to save articles of value. Miss Gertrude Ballard, the daughter, was calling on a friend during the afternoon. While a lot of valuable bric-a-brac and furniture was saved, the house was an entire loss. It was built in 1884, and cost \$150,000. The loss at from \$50,000 to \$75,000 partially covered by insurance.

Mr. Ballard is at present away from home.

ROBBED FRIEND TO BUY MEDICINE.

Now John Goldsmith Must Stand Trial on a Charge of Burglary.

Because he stole \$40 from the trunk of a friend for the purpose of securing medical treatment, John Goldsmith, charged with burglary, will most likely spend some of his best years behind the bars at a State penitentiary. Goldsmith's preliminary hearing was held in the Police Court this morning. According to the testimony of Joseph Zink of the St. Elmo House, 508 1/2 Fifteenth street, Goldsmith had been one of his best friends for the past several years. Frequently Zink had shaved Goldsmith at his (Zink's) room, and Goldsmith frequently saw him take a key from a bureau drawer and unlock and lock his trunk.

On July 2 Goldsmith went to Zink's room, took the key from the drawer, opened the trunk and carried off \$40 in gold, a brass watch and chain belonging to Zink. He then spent a few days in San Francisco and also rusticated at Stockton about five days. He was finally arrested in San Francisco last Friday by Detective George Joseph Douglas, kept of the local force.

Goldsmith on the witness stand admitted his guilt. He said he had stolen the money because he had been sick and wished to employ a physician. Until \$7.65 and the watch and chain had been recovered by the detective.

Police Judge Smith held Goldsmith to answer today before the Superior Court for burglary with bail fixed in the sum of \$1,000.

"EAST LYNNE" THE PLAY AT THE DEWEY THEATRE.

The old favorite, "East Lynne," the melodrama which has caused more tears, it is estimated, than any play on the English or American stage, is the attraction at the Dewey Theatre this week. The company has been cast with excellent judgment, and new scenery has been secured for the production. The leading roles will be taken by Landers Stevens, the ever popular Fanny Gillette, and a new star, Miss Lillian Atwood.

NEW OFFICERS ELECTED BY THE PLUMBERS.

At the regular meeting of the Plumbers' and Gas Fitters' Union Saturday night, the following officers were installed for the ensuing year: President, A. C. Lettner; Vice-President, J. E. Ayers; Financial Secretary, Al Poulson; Corresponding Secretary, Sam J. Donohue; Treasurer, George Fitzgerald; Sergeant-at-Arms, Frank Ham; Board of Trustees—William Sullivan, J. W. Coats, George F. Bernard, Bruce Ingham and F. W. Petersen.

E. H. LOHMAN RECOVERS FROM AN OPERATION.

Edward H. Lohmann, who recently underwent an operation at Lane's Hospital, San Francisco, has so far recovered as to have been able to sail yesterday on the steamer Walla Walla, accompanied by Mrs. Lohmann, for Vancouver, B. C. They will be gone several weeks.

Fainting Spells

Are peculiar to women. Men rarely faint. Many women are liable to what they term "fainting spells," and this liability is always most marked at the monthly period. This alone is sufficient to connect the "fainting spell" with a deranged or diseased condition of the womanly organs.

The use of Doctor Pierce's Favorite Prescription cures irregularity, heals inflammation and ulceration, and stops the drains which weaken the body. It builds up the nervous system, increases the vitality of the blood, and removes the common causes of faintness in women. There is no alcohol in "Favorite Prescription." It neither does it contain any opium, cocaine, nor any other narcotic. "It gives me much pleasure," writes Miss Ella Bapp, of Amesbury, Mass., "to thank Dr. Pierce for the great good received from the use of his 'Favorite Prescription' and 'Golden Medical Discovery.' I had suffered for three years or more at monthly periods. It seemed as though I would die with pain in my back and stomach. I could not stand on my feet without fainting, and I gave up all hope of ever being cured, when one of my friends, named upon my trying Dr. Pierce's Favorite Prescription, with but little faith, tried it. I had never had better appetite and sleep better. Now I have taken two bottles of 'Favorite Prescription' and one of 'Golden Medical Discovery,' and am happy to say I am entirely cured, and all done in two months' time, when all other medicines had failed to do any good."

Keep the liver healthy by using Dr. Pierce's Pleasant Pellets.
